About Us

Yes. We have done that and been there. And now we
are back with something more for you.

With an already proven track record in ceramic
industry, Monal Group in 2010 introduced a trend-
setter brand by the name Belador Laminates with an
extensive range of design that instantly created
massive fan-following. Belador had won accolades
for its impressive product range of natural colors,
spellbinding colours and amazing wood grain series.

Native36 is yet another milestone brand from the
stable of Monal Group that promises same path-
breaking and innovative approach in laminates. The
quality consciousness and hands-on knowledge
from the leadership team that possesses over 5 years
of experience is an evidence in itself that underlines
the brand's domain expertise.
